Requests for Special Examination Accommodations

ACAMS complies with the Americans with Disabilities Act (ADA) and will ensure that individuals with disabilities are not deprived of the opportunity to take the exam solely because of a disability, as required and defined by the relevant provisions of the law. Special testing arrangements may be made for these individuals, provided that an appropriate request for accommodation is submitted to ACAMS along with the application and the request is approved. A special accommodations form is included in this handbook.

This form must be signed and submitted with the exam application at least 30 days prior to the test date.

Requests for special examination accommodations for candidates located outside the U.S. are permitted if the country of residence has a similar law in place for persons with a recognized disability. Follow the instructions as detailed above.

If you have not received approval for a reasonable accommodation, please contact ACAMS at certification@acams.org.

Examination Procedures

You will have three and a half hours to complete the exam. Additional time will not be allowed. There are no scheduled breaks. Candidates must have the permission of the test center proctor to leave the testing room.

No questions concerning the content of the exam may be asked during the testing period. It is the responsibility of each candidate to read the directions given on the computer and listen carefully to the instructions given by the proctor.

The proctor reserves the right to dismiss a candidate from the examination for any of the following reasons:

1. If the candidate’s admission to the exam is unauthorized.
2. If a candidate creates a disturbance, is abusive or is otherwise uncooperative.
3. If a candidate gives or receives help or is suspected of doing so.
4. If a candidate attempts to remove examination materials or notes from the testing room.
5. If a candidate is discovered in possession of an electronic communication or recording device.
Integrity of the Examination
ACAMS has taken strict security measures to ensure the integrity of the CAMS Examination. These security measures include:

Proctors - There will be examination proctors present before, during, and after the examination to ensure that all rules and regulations are followed.

Video Cameras - There are high-tech video cameras surrounding the examination site of every testing center to ensure that no assistance is given during the examination.

Audio - There is a live audio recording of each examination session at every testing center to ensure that no assistance is given during the examination.

Center Problem Reporting
If there are any irregularities during the examination process, the proctor at each testing center will fill out a Center Problem Report which records the exact details of the irregular incident.

Inclement Weather
In the event of inclement weather or unforeseen emergencies on the day of an exam, ACAMS will determine whether circumstances warrant cancellation and subsequent rescheduling of an exam. Every attempt will be made to administer all exams as scheduled. However, should an exam be canceled at a test center, all scheduled candidates will be contacted and receive notification regarding a rescheduled date or reapplication instructions.

Confidentiality
Candidates receive their exam results immediately (pass or fail) at the conclusion of the test. This information is only released to the candidate at the testing center. Results will not be given over the telephone, by facsimile, or electronic mail. When an organization pays for an individual's examination, the organization may request ACAMS to release the result to the organization. If a candidate does not want this information to be released to the organization, then the candidate must notify ACAMS in writing.

ACAMS posts on its websites www.acams.org and www.acamsorg/espanol a list of certified members.

Retaking the Examination
If a candidate does not pass, they will have the opportunity to retake the examination. The candidate can reschedule 48 hours after taking the exam, but must wait at least 2 months before actually retaking the examination. A candidate who applies for re-examination after one year following the original application must submit the full application, documentation of eligibility and examination fee.

A candidate is allowed the opportunity to take the examination up to three times per year with no exceptions.

To schedule a re-take, the candidate must:

1. Contact ACAMS at certification@acams.org or +1 305.373.0020
2. Pay the examination fee to receive their new Voucher Code number:
   a) $290 for Private members
   b) $190 for Public members
   c) $390 for non-member
3. Contact the testing center to choose a new exam date.

Appeals
ACAMS provides an appeal mechanism for challenging denial of admission to the exam or revocation of the certificate. It is the responsibility of the individual to initiate the appeal process by written request to ACAMS within 30 days of the circumstance leading to the appeal.

Please note: Failure of the exam does not constitute grounds for a review and appeal.

Taking the CAMS Examination

The CAMS examination consists of 120 multiple choice and multiple selection questions.

All candidates have 3 ½ hours to complete the exam. There is no penalty for guessing. Avoid leaving any questions unanswered to maximize your chances of passing. Additional study and test-taking tips can be found in Chapter 8 of the CAMS Examination Study guide that all candidates receive as part of the CAMS Examination package.
