Training for the medium term budget reform for the pilot budget user network

In the period 05 – 07 April 2017, Training for the medium term budget reform for the pilot budget user network was implemented in Struga, Macedonia. This training was part of activity 2.6 “Trainings for the new MTBF and MTEF – training of trainers in the budget users”.

53 participants representing first line budget users and Ministry of Finance Budget and Funds Department took part in the training. The main topics of the training days were related to understanding the reasons and benefits behind the medium term budget reform – theory and practice, what baseline scenario is and how to draft baseline scenario. Budget and Funds Department budget analysts supported the training and also “negotiated” with pilot budget users about the baselines drafted.
